

Super Yacht Cabinet

IP68 connectors by

DEUTSCH

OceanLED's original concept was to provide a complete underwater lighting system for Super yachts. After 3 years of development on the lights we are proud to present the Super Yacht Cabinet.

The Cabinet incorporates all the drivers for the 3010 Series LED underwater lights into one serviceable area. Maintaining the Plug & Play system by Deutsch the cabinet, if necessary, can be located up to 1 kilometer from the actual light!

The Super Yacht Cabinet is made from 316L Stainless Steel, is available in a variety of sizes and power inputs and is temperature controlled using the highest quality dual cooling fans.

The unit comes complete with the drivers installed and simply needs mounting, the power inputting and connecting to the lights.

This item is on special order so expect a 4-6 week delivery time.

DC Cabinets

Cabinet # 3010 DC04

Description
